Trần Chấn Hưng

Back-End Developer

ABOUT ME

I'm following software developer with a passion for continuous learning, creativity, and improving for my better self. As a current final-year student, I enjoy solving complex problems and building innovative software solutions and website platform to meet everyone's needs. Ultimately, I'm a type of a person who love to communicate in English, which is my hobby, and I'd like to provide my english skills as well as possible.
